## LED Cabinet lights Mini

Product Code: TMCG-Y4W

Power:3W

Luminous flux:250Lm

CRI: >80Ra

LED Brand:CREE-XTE LED

Input voltage: DC3V DC12V-24V Optional

Beam angle: 25° 60° Optional , Production inventory is 25°

Color temperature options: warm white (2700-3000K), neutral white (4000-4500K),  
cool white (6000-6500K)

Other light color options: red, green, blue(Standing stock color temperature:  
warm white, white. Other light color to be customized)

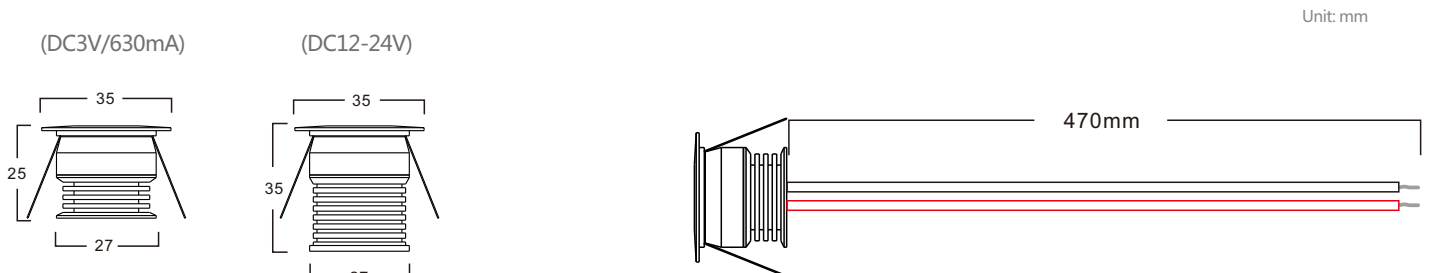

Ingress Protection:IP42

Light body material: 6063 aluminum

Service life: 35000 hours

### Product Specifications:

### Product Features:

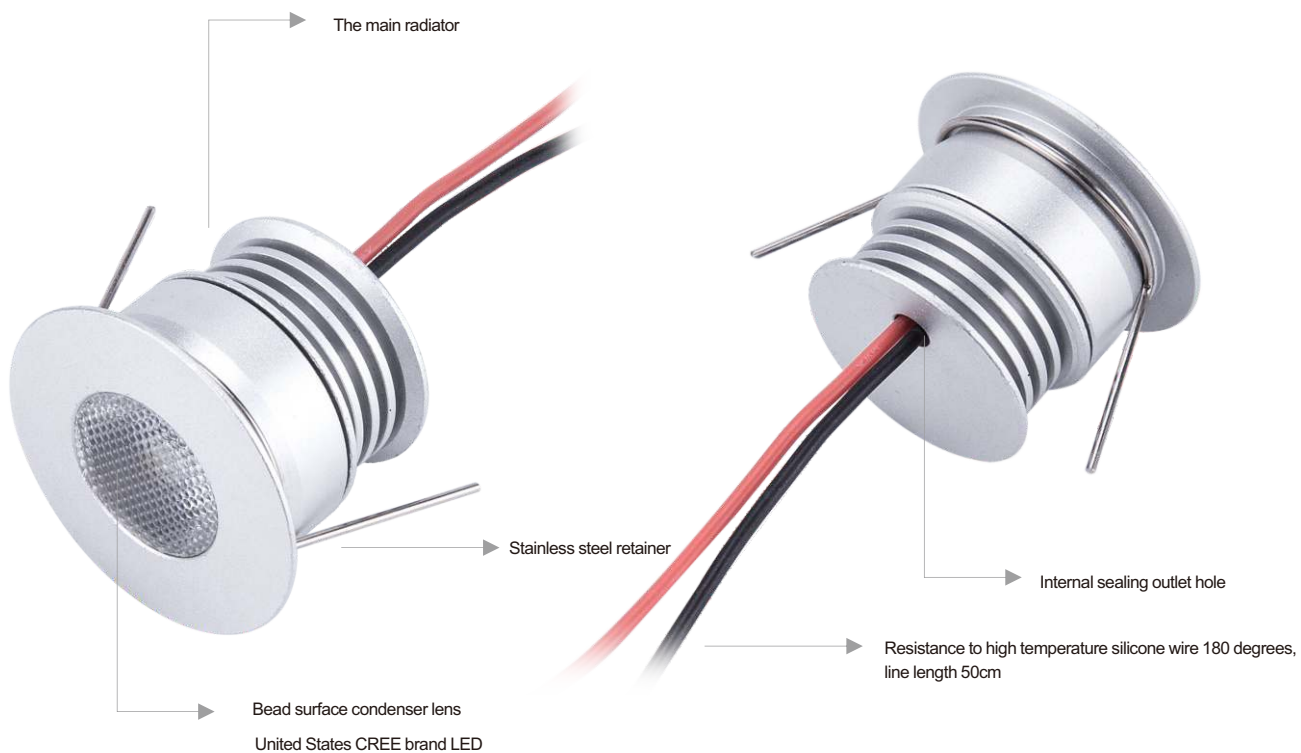

- ◆ Independent research and development, private-mode products, uncompromising attention to light body compact, flexible wide range of applications, lighting designers inspired lighting environment;
- ◆ Light color rich optional, amber light, warm white, sun white, cold white light;
- ◆ Original US CREE brand LED light source, light sense of authentic, high color rendering, effective reduction was illuminated by color;
- ◆ Easy to install;

### Applications:

Room decorative lighting, KTV room, TV cabinet back wall lights, cabinets showcase, entrance corridor ... ..

## Detailed description:

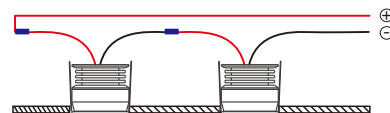

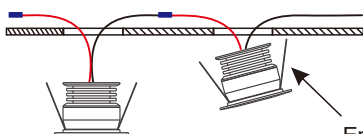

## Use the installation method

In-line mode: (DC3V/630mA)

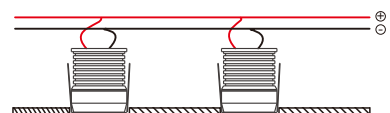

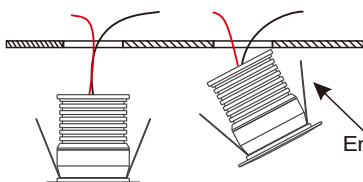

Embedded installation

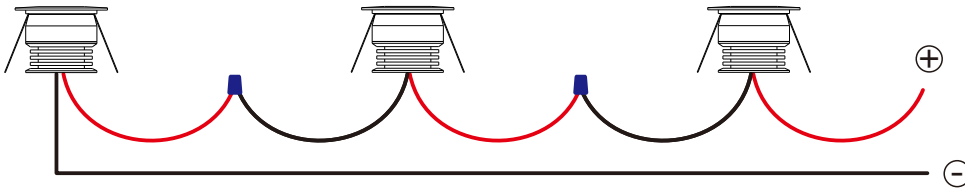

Parallel connection: (DC12-24V)

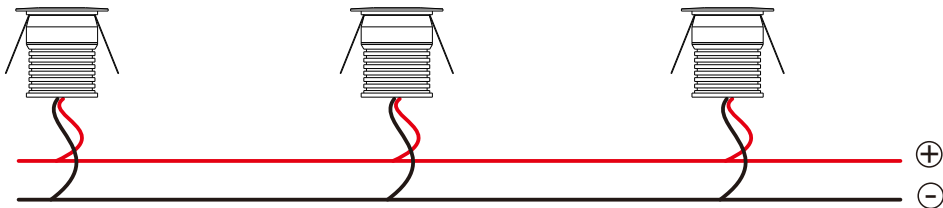

Embedded installation

## Wiring Installation:

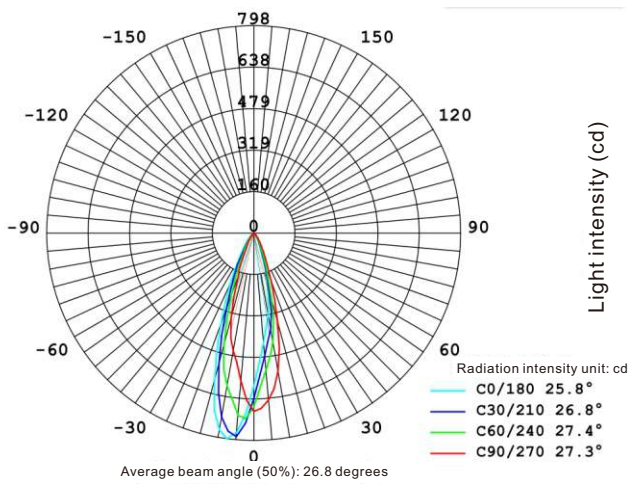

In-line mode:  
 Access to **constant current** power transformer  
 (DC3V/630mA)

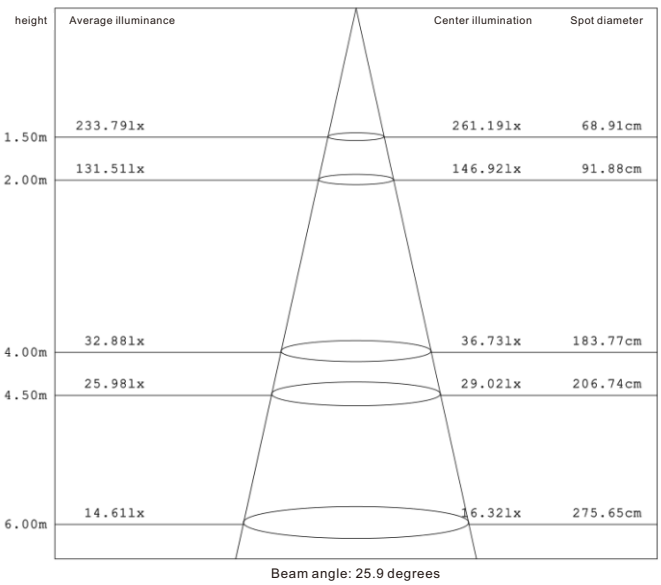

Parallel connection:  
 Access to **constant voltage** power transformer  
 (DC12-24V)

## Light distribution curve:

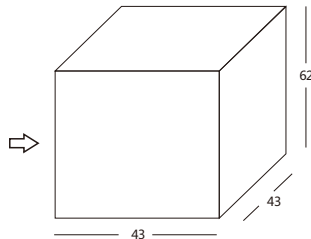

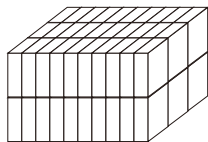

## Illumination:

## Packing:

Unit: cm

Weight: 0.38KG / box × 60 boxes / box = 22.8KG
